Neonatal Resuscitation Program
Provider and Renewal Courses

Course dates for 2018
Asante Rogue Regional Medical Center • Medford, Oregon

Provider courses:
Feb. 6
May 15
Sept. 25
Nov. 13
**COURSE DESCRIPTION**
NRP is a course developed by the American Heart Association and the American Academy of Pediatrics to standardize health care practitioners’ knowledge and skills that are necessary to provide care for newborns who are unable to successfully transition to extrauterine life without intervention. The content presented in this program follows the 6th Edition of the “Textbook of Neonatal Resuscitation.” The course instructors will create an engaging learning environment through use of review of key concepts, skills review, simulation and debriefing.

**OBJECTIVES**
Upon completion of the NRP the participant will be able to:

- Apply the concepts of neonatal resuscitation to simulated scenarios
- Participate in simulated scenarios and debriefing, identifying opportunities for improving care
- Understand the importance of teamwork and collaboration for an optimal neonatal resuscitation

**PREREQUISITE**
The course participant is responsible for:

- Reviewing the NRP textbook
- Completing the online NRP exam prior to the course (within 90 days).

We strongly advise the participant to view the NRP DVD with attention to the videos. They provide the participant with excellent examples of procedures, equipment and simulation scenarios.

**GENERAL INFORMATION**
- The online exam must be completed within 90 days of the course date. You will need to provide a copy of your online exam certificate the day of the course.
- More information about the class will be given to you at the time of registration.
