

WE WANT TO INVEST IN *you!*

## CNA BRIDGE PROGRAM

- 1 Apply for CNA1 Sponsorship through Asante! Sponsorship eligibility and application approval is subject to pre-employment screenings such as an interview, drug screen, and background check.
- 2 Once approved, you will need to enroll and complete the CNA1 course as well as pass the CNA1 OSBN exam.
- 3 Start working at Asante as a CNA1 in one of our Medical Surgical units!
- 4 After successfully working at Asante for 4-6 weeks, Asante will support and pay for you to attend a CNA2 class. Not only is the course free to you, but Asante will pay you your hourly wage while you're in class so you can focus solely on school! You will not be expected to work your normal shifts, all you need to do is attend class for two weeks!
- 5 Once you've successfully earned your CNA2, you will be promoted into a CNA2 role, which comes with a pay increase! But don't stop here, keep advancing with the help of Asante!

### WHY ASANTE?

Career advancement doesn't stop here! Asante offers immediate tuition reimbursement for LPN, ADN, & BSN programs!

Do you want to specialize? Asante has more than 20 units that CNA2's can work in!
