Community Benefit

ASANTE®

Charity care $18,160,989	Cost of treating uninsured or underinsured community members who cannot afford health care. Without Asante, many of these patients would go untreated.
Medicaid $61,346,723	Unreimbursed cost of providing services to Medicaid and Oregon Health Plan patients.
Other government services $9,117,603	Unreimbursed cost of providing services to government insurance programs such as United States Department of Veterans Affairs and TRICARE.
Community programs $15,798,835	Costs of unfunded or underfunded health services that typically would not be available to the community if Asante did not provide them (includes community health improvement services, subsidized behavioral health services, health education and research).
Cash and in-kind donations $384,965	Cash and in-kind donations to community health programs and community organizations addressing identified needs around access to care, mental health, chronic conditions and social determinants of health.

Consistent with VHA/CHA Community Benefit reporting guidelines and standard definitions. All numbers based on audited financials.

Additional unreimbursed costs*

Every year, Asante provides needed services to individuals for which the reimbursement, if any, does not cover the cost.
